

UNIVERSITÀ DEGLI STUDI DI BERGAMO

Dipartimento di Scienze aziendali, economiche e metodi quantitativi
Department of Management, Economics and Quantitative Methods

Teaching Quality Programme Seminar **EADAP Master Degree**

Prof. Giuseppe Grossi
Kristianstad University (Sweden)

Technical and administrative realities with the **'glocalization' of IPSAS: a NZ observation**

Thursday, 19 May 2016 – time 9.00-10.30
Room 4

Giuseppe Grossi is Professor of Business Administration with a focus on Public Management and Accounting with an international perspective at Kristianstad University (SW). He is Research Leader of GRIP (Governance, Regulation, Internationalization and Performance). His research interests focus on corporate governance, accounting, and management control in the public sector. He has been involved as participant and manager in numerous international research projects funded by different sources. Both qualitative and quantitative research methods are used in his research. He has extensively published in international peer-review journals and most of his studies are cross-country comparative.

Participation is free.

Workshop Organizer:

Stefania Servalli (University of Bergamo)
